Independent Auditors' Report

The Board of Directors
Knoxville – Knox County Metropolitan Planning Commission:

We have audited the accompanying financial statements of the governmental activities and the major governmental fund of the Knoxville – Knox County Metropolitan Planning Commission (MPC), as of and for the years ended June 30, 2010 and 2009, which collectively comprise MPC's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of MPC's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MPC's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major governmental fund of Knoxville – Knox County Metropolitan Planning Commission, as of June 30, 2010 and 2009, and the respective changes in financial position, and the budgetary comparison for the general fund for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2010 on our consideration of MPC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The information in the Management's Discussion and Analysis on pages 4 through 8 are not a required part of the basic financial statements but are supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise MPC's basic financial statements. The information in the introductory and supplementary information sections listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and is not a required part of the basic financial statements. The Schedule of Expenditures of State Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory information and Schedule of Expenditures of State Awards have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

As management of the Knoxville-Knox County Metropolitan Planning Commission (the MPC), we offer the readers of the MPC's financial statements this narrative overview and analysis of the financial activities of the MPC for the fiscal year ended June 30, 2010 and June 30, 2009. We encourage readers to consider the information presented here in conjunction with the information provided in the financial statements, notes to financial statements and supplementary information when reviewing the MPC's financial activities and condition.

Fiscal 2010 Financial Highlights

- The assets of the MPC exceeded its liabilities at the close of the most recent fiscal year by \$308,833 (net assets). Of this amount, \$268,987 (unrestricted net assets) may be used to meet the MPC's ongoing obligations to citizens and creditors.
- The MPC's total net assets increased by \$18,515. This increase is primarily the result of a combination of lower charges for services with related lower expenditures, delays in grant projects, and added contract services.
- The MPC's total capital assets changed by \$21,614 for the amount of current year depreciation only since there were no capital assets purchased during the year.
- The MPC's total liabilities decreased by \$265,849 due to lower accounts payable and deferred revenue.

Fiscal 2009 Financial Highlights

- The assets of the MPC exceeded its liabilities at the close of the 2009 fiscal year by \$290,318 (net assets). Of this amount, \$228,858 (unrestricted net assets) may be used to meet the MPC's ongoing obligations to citizens and creditors.
- The MPC's total net assets decreased by \$218,953. This decrease is primarily the result of a combination of lower charges for services, delays in grant projects, added health insurance and liability charges.
- The MPC's total capital assets changed by \$21,973 for the amount of current year depreciation only since there were no capital assets purchased during the year.
- The MPC's total liabilities increased by \$387,175 due to higher accounts payable and netted against decreases in retainage payable and deferred revenue.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the MPC's basic financial statements which consist of two components: 1) financial statements comprised of the comparative Statements of Net Assets; the comparative Statements of Activities, and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Financial Statements. The comparative Statements of Net Assets presents information on all of the MPC's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the MPC is improving or deteriorating.

The comparative Statement of Activities presents information showing how the MPC's net assets changed during the last two fiscal years. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs (full accrual accounting), regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected grant and contract reimbursements, and earned but unused vacation leave).

The financial statements can be found on pages 9 - 15 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found on pages 16-22 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the MPC's budgetary compliance and variances from the final amended budget. This supplementary information can be found on page 23 of this report.

Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of the MPC's financial position. As of June 30, 2010 and 2009 the MPC's assets exceeded its liabilities by \$308,833 and \$290,318 (net assets), respectively. At June 30, 2010, the majority of MPC's net assets reflect its current assets (e.g. cash and cash equivalents, grants receivable, and prepaid items). These current assets (less current liabilities) equals 108 percent of total net assets; however, all net assets are not available for future operational spending as \$39,846, or 13 percent, are invested in capital assets and are restricted on how they may be used. The remaining balance of unrestricted net assets \$268,987 may be used to meet the MPC's ongoing obligations to citizens and creditors.

As the following table shows, the MPC reported an increase in net assets of \$18,515 and \$218,953 decrease during the years ended June 30, 2010 and 2009, respectively. At June 30, 2010, the MPC's increase in net assets is primarily due to a combination of lower charges for development services with related lower expenditures, delays in grant project, and added contract services. The MPC reported a decrease in net assets of \$218,953 during the year ended June 30, 2009. This decrease was primarily due to a combination of lower operating revenues from fees and contracts and higher expenditures for health insurance.

Knoxville-Knox County Metropolitan Planning Commission

Net Assets

	FYE June 30, 2010	FYE June 30, 2009	FYE June 30, 2008
Current and Other Assets	\$ 919,014	1,144,734	954,539

Total Assets	\$ 958,860	1,206,194	1,037,972
Long Term Liabilities Outstanding	\$ 64,765	58,912	64,540
Other Liabilities	585,262	856,964	464,161
Total Liabilities	\$ 650,027	915,876	528,701
Net Assets:			
Invested in Capital Assets	\$ 39,846	61,460	83,433
Unrestricted	268,987	228,858	425,838
Total Net Assets	\$ 308,833	290,318	509,271

The next table shows the key elements from ongoing operations that contributed to the \$18,515 increase in net assets during fiscal year 2010. As mentioned previously, the increase is explained by several issues, including fee receipts being 17 percent lower than fiscal year 2009 while funding from grants and contracts decreased by ten percent and local funding from city and county decreased by seven percent. Key elements from ongoing operations contributed to a \$218,953 decrease in net assets during fiscal year 2009. This decrease is explained by several issues, including fee receipts being 20 percent lower than fiscal year 2008, while funding from grants and contracts increased by 33 percent and local funding from city and county increased by 15 percent.

Revenues for fiscal year 2010 were \$3,903,435 compared to \$4,296,711 for fiscal year 2009 or a decrease of \$393,276. The source of this decrease is from \$117,430 lower funding from the city and county for general appropriations, and \$208,648 lower revenues from grant and contract funding and the \$67,198 decrease in fee receipts. Expenses for fiscal year 2010 were \$3,884,920 compared to \$4,515,664 for fiscal year 2009 or a decrease of \$630,774 due to seven percent lower personal services costs but primarily due to a 29 percent decrease in contracted services including grant related subcontractor payments. The change in net assets for fiscal year 2010 was an increase of \$18,515, compared to a decrease of \$218,953 for fiscal year 2009.

Fee revenues totaled \$325,510 for fiscal year 2010 compared to \$392,708 for fiscal year 2009, a 17 percent decrease due to slowing economic conditions. Grant and contract reimbursements totaled \$1,918,761 for fiscal year 2010 compared to \$2,127,409 for fiscal year 2009, a ten percent decrease of \$208,648. Local funding (not restricted for specific programs) from the City of Knoxville and Knox County totaled \$1,540,000 and \$1,657,430 in 2010 and 2009, respectively. MPC made no capital purchases in fiscal years 2010 and 2009. Total assets equaled \$958,860 in fiscal year 2010, compared to \$1,206,194 for fiscal year 2009, a decrease of \$247,334. Total liabilities equaled \$650,027 in fiscal year 2010, compared to \$915,876 for fiscal year 2009, a decrease of \$265,849. The net effect is an increase to net assets of \$18,515.

Revenues for fiscal year 2009 were \$4,296,711 compared to \$3,649,437 for fiscal year 2008 or an increase of \$647,274. The source of this increase is from \$219,262 higher funding from the city and county for

general appropriations, and \$524,484 higher revenues from additional grant and contract funding netted against the \$96,472 decrease in fee receipts. Expenses for fiscal year 2009 were \$4,515,664 compared to \$3,699,278 for fiscal year 2008 or an increase of \$816,386 due to five percent higher personal services costs but primarily due to a 207 percent increase in grant related subcontractor payments. The change in net assets for fiscal year 2009 was a decrease of \$218,953, compared to a decrease of \$49,841 for fiscal year 2008.

Fee revenues totaled \$392,708 for fiscal year 2009 compared to \$489,180 for fiscal year 2008, a 20 percent decrease due to slowing economic conditions. Grant and contract reimbursements totaled \$2,127,409 for fiscal year 2009 compared to \$1,602,925 for fiscal year 2008, a 33 percent increase of \$524,484. Local funding (not restricted for specific programs) from the City of Knoxville and Knox County totaled \$1,657,430 and \$1,438,168 in 2010 and 2009, respectively. MPC made no capital purchases in fiscal year 2009 and \$16,053 in capital purchases in fiscal year 2008. Total assets equaled \$1,206,194 in fiscal year 2009, compared to \$1,037,972 for fiscal year 2008, an increase of \$168,222. Total liabilities equaled \$915,876 in fiscal year 2009, compared to \$528,701 for fiscal year 2008, an increase of \$387,175. The net effect is a decrease to net assets of \$218,953.

Budgetary Highlights

The Schedule of Revenues / Expenditures and Changes in Fund Balance – Budget and Actual – General Fund which is found on page 15 of this report, details the original and final budget, actual revenues and expenses, as well as variances from the final budget. The MPC’s actual revenues were \$398,766 less than

the final budget due primarily from delays in grant and contract related projects. The MPC's actual expenses were \$444,687 less than the final budget due to salary savings, lower variable expenditures, and delays in grant related projects. The net result is a \$45,921 favorable budget variance.

Capital Assets and Debt Administration

Capital Assets. The MPC's investment in capital assets as of June 30, 2010 and 2009 was \$39,846 and \$61,460 (net of accumulated depreciation). There were no capital purchases in 2010 and 2009. Depreciation expense for fiscal year 2010 was \$21,614 compared to \$21,973 for fiscal year 2009. Additional information is provided as part of Note 4 to the financial statements.

Long Term Liabilities. At the end of the current fiscal year, the MPC's long term liabilities consisted of compensated absences payable of \$64,765, compared to \$58,912 at the end of the fiscal year 2009, an increase of \$5,853.

Requests for Information

This financial report is designed to provide a general overview of the Knoxville-Knox County Metropolitan Planning Commission's finances for all of those with an interest in the MPC's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the office of the Executive Director, Knoxville-Knox County Metropolitan Planning Commission, 400 Main Street, Suite 403, City-County Building, Knoxville, Tennessee 37902.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION
Reconciliation of the Statements of Revenues / Expenditures and
Changes in Fund Balance - General Fund to the Statements of Activities
For the Fiscal Years Ended June 30, 2010 and 2009

	2010	2009
Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - General Fund	\$ 45,982	\$ (202,608)
Governmental funds report capital outlays as expenditures. However, in the statements of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Depreciation expense amounted to \$21,614 and \$21,973 in 2010 and 2009, respectively. Capital outlay amounted to \$0 in 2010 and 2009.	(21,614)	(21,973)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the General Fund.	(5,853)	5,628
Change in net assets per statement of activities	\$ 18,515	\$ (218,953)

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION

Notes to Financial Statements

June 30, 2010 and 2009

Note 1: Summary of Significant Accounting Policies

A. Reporting Entity

The Knoxville - Knox County Metropolitan Planning Commission (the Commission), was formed in 1956. The Commission, which is funded as a joint venture between the City of Knoxville and Knox County, is a regional planning commission established by the Tennessee Department of Economic and Community Development pursuant to the provisions of the Tennessee Code Annotated, Section 13-3-102. The Commission's Board is composed of fifteen members serving four-year terms, eight of whom are nominated by the Knox County Mayor and the remaining seven are nominated by the Mayor of the City of Knoxville. The Local Planning Division of the Tennessee Department of Economic and Community Development approves the nominations. The participating governments have an ongoing financial responsibility to the Commission, but do not have any equity interest in the joint venture.

The Commission's financial statements include the accounts of all Commission operations.

B. Basis of Accounting and Presentation

1. Basis of Accounting

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements (i.e., the balance sheet and statement of revenues, expenditures and changes in fund balance for the General Fund) employ the modified accrual basis of accounting. The revenues and related assets are recognized when they become measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for compensated absences which are recognized to the extent they have matured.

The General Fund is accounted for using the current flow of financial resources as the measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The general fund balance is considered a measure of “available spendable resources.” The operating statement of the general fund presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of its spending measurement focus, expenditure recognition for the General Fund excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as general fund expenditures or fund liabilities.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION

Notes to Financial Statements

June 30, 2010 and 2009

2. Fund Accounting

The accounts of the Commission are organized, operated and presented on the basis of funds. Funds are independent fiscal and accounting entities with self-balancing sets of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The Commission reports one governmental fund, the General Fund. The General Fund is the Commission's operating fund which accounts for all financial resources.

3. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

4. Sources of Revenue

The Commission receives funding from Knox County, the City of Knoxville, the State of Tennessee, the Federal government, and from private grants and fees.

C. Budgets and Budgetary Accounting

The Commission's annual budget is prepared using the modified accrual basis of accounting for the fiscal year ending June 30. The Commission's budget is presented to its Executive Committee for review and approval then forwarded to the full Commission for vote and legal adoption. The Commission followed this formal budget adoption process to approve: the original budget on June 11, 2009; the first amended budget on October 8, 2009; the second amended budget on April 8, 2010, and the final amended budget on May 13, 2010.

The Commission's primary funding source is federal, state, and local grants which have a grant period that may or may not coincide with the fiscal year. These grants normally are for a twelve-month period; however, they can be awarded for periods shorter or longer than twelve months.

Because of the Commission's dependency on federal, state, and local budgetary decisions, revenue estimates are based upon the best available information as to potential sources of funding.

The annual budget is subject to constant change within the fiscal year due to:

- Increases/decreases in actual grant awards from those estimated.
- Changes in grant periods.
- Unanticipated grant awards not included in the budget.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION

Notes to Financial Statements

June 30, 2010 and 2009

The full Commission formally approves the annual budget at a summary level and emphasis is also placed on complying with the grant budget, terms and conditions on a grant-by-grant basis. These terms and conditions usually specify the period during which costs may be incurred and outline budget restrictions or allowances.

D. Cash and Cash Equivalents

The Commission's Cash and Cash Equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

E. Deposits and Investments

The Commission's cash and cash equivalents are pooled and managed by the Trustee of Knox County. State statutes authorize the Commission to invest in obligations of the federal government, State of Tennessee, U.S. governmental agencies, the State of Tennessee Local Government Investment Pool, certificates of deposit and repurchase agreements. All investments are stated at fair market value.

Tennessee Code Annotated Section 5-8-201 requires financial institutions to secure the Commission's deposits by pledging governmental securities as collateral. The market value of pledged securities must equal at least 105 percent of the average daily balance of deposits.

F. Compensated Absences

Commission employees are granted vacation and sick leave based on years of service. In the event of termination, an employee is paid only for accumulated vacation leave.

G. Comparative Data

Summaries of comparative data for the prior year have been presented in selected sections of the accompanying supplementary information to provide an understanding of changes in the Commission's financial position and operations.

H. Capital Assets

Capital assets, which include property and equipment, are reported in the Statements of Net Assets. The Commission defines capital assets as assets with an initial, individual cost of more than \$5,000. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The depreciable lives of all capital assets are estimated to be five years except for the high volume copier which is estimated to have a ten year life.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION

Notes to Financial Statements

June 30, 2010 and 2009

I. Fund Balance

In the fund financial statements (General Fund), reservations of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change and are available for appropriation at the discretion of management.

J. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2: Cash

The bank collateral pool administered by the Treasurer of the State of Tennessee covered the Commission's cash and cash equivalents, pooled and managed by the Trustee of Knox County, at June 30, 2010. Banks participating in the collateral pool determine the aggregate balance of their public fund accounts for the Commission. The amount of collateral required to secure these deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in aggregate rather than against each individual account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be entirely insured or collateralized.

Note 3: Retirement Plans – 401(a) and Voluntary 457

Employees of the Commission are allowed to individually participate in the Knox County defined contribution plan, ("asset accumulation" plan). The plan covers substantially all full-time employees under the age of 65. Plan benefits depend solely on amounts contributed to the plan plus investment earnings. Commission employees are eligible to participate from their initial employment date. All employees who work at least 18 hours a week are required to contribute a minimum of six percent of pre-tax contributions (of gross wages) into the mandatory 401(a) plan which is equally matched by the employer.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION

Notes to Financial Statements

June 30, 2010 and 2009

An enhancement to the asset accumulation plan is the Knox County Voluntary 457 plan added effective July 1, 2007 which allows pre-tax contributions and employer match over and above the mandatory six percent based on years of county service and up to a dollar limit set by the Internal Revenue Service. Employees choosing to participate with over five years of service receive an equal employer match starting at two percent and staggered up to a maximum additional six percent for those with 15 years or more service. Two other 457 plans, Security Benefits and Nationwide, also allow similar employee contributions and employer match.

The Commission's contributions on behalf of employees vest at twenty percent per year and are fully vested after five years. Employee and employer contributions were \$185,356 and \$169,027, respectively, for the year ended June 30, 2010. Employee and employer contributions were \$189,153 and \$179,358, respectively, for the year ended June 30, 2009. A description of the significant accounting policies used in the plan is described in the *Knox County Comprehensive Annual Financial Report (CAFR)* for the fiscal year ended June 30, 2010.

Note 4: Capital Assets

The following is a summary of changes in capital assets for the year ended June 30, 2010:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Deductions</u>	<u>Ending Balance</u>

Total capital assets being depreciated, net	\$ <u>83,433</u>	\$	\$ <u>(21,973)</u>	\$	\$ <u>—</u>	\$	\$ <u>61,460</u>

Note 5: In-Kind and Contributed Service

The City of Knoxville and Knox County provide office space within the City/County Building to the Commission at no cost to the Commission. The value of space provided during the year ended June 30, 2010, was estimated to be \$120,000, based on the 2009 actual cost of \$119,164 calculated at the rate of \$9.85 per square foot. The actual cost for the year ending June 30, 2010 was \$119,164, the same as last year, for the total 12,098 square footage provided. Knox County provides various administrative and internal service functions to the Commission at no cost to the Commission.

Note 6: Risk Management

The Commission is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission is an entity of Knox County Government which has elected to be self-insured for general liability coverage and is subject to the limits of the Tennessee Government Tort Liability Act 29-20-101 ct seg. The Commission maintains auto liability and worker's compensation insurance through a public entity risk pool operated as a risk-sharing program by the Tennessee Municipal League (TML). This pool is sustained by member premiums. The Commission's premium expenditures for fiscal year ended June 30, 2010 amounted to \$9,912 as compared to \$13,077 for 2009. Because the TML pool has excess aggregate and individual claim loss insurance coverage, management considers any related risk to be insignificant. There were no settlements in excess of insurance coverage in the past three fiscal years. There were no significant reductions in coverage.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION

Notes to Financial Statements

June 30, 2010 and 2009

Note 7: Economic Concentration

The City of Knoxville and Knox County, Tennessee provided funding of \$1,540,000, or 39 percent of the Commission's revenues and in-kind contributions for the fiscal year ended June 30, 2010 as compared to \$1,657,430 which was likewise 39 percent for 2009.

Note 8: Fund Balance

The amount that is reported on the balance sheets – general fund as reserved fund balance at June 30, 2010 and 2009 is comprised of the following:

	<u>2010</u>	<u>2009</u>
Prepaid Items	\$ 6,897	59,327
Encumbrances	122,837	32,909
Total	\$ <u>129,734</u>	<u>92,236</u>

INTERNAL CONTROL
AND
COMPLIANCE SECTION

KPMG LLP
Suite 1000
401 Commerce Street
Nashville, TN 37219-2422

**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

The Board of Directors
Knoxville – Knox County Metropolitan Planning Commission:

We have audited the financial statements of the governmental activities and the major governmental fund of the Knoxville – Knox County Metropolitan Planning Commission (MPC) as of and for the year ended June 30, 2010, which collectively comprise MPC's basic financial statements and have issued our report thereon dated December 10, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered MPC's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of MPC's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of MPC's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of MPC's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether MPC's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Directors, others within the entity, and is not intended to be and should not be used by anyone other than these specified parties.

SINGLE AUDIT

SECTION

KPMG LLP
Suite 1000
401 Commerce Street
Nashville, TN 37219-2422

Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

Board of Directors
Knoxville – Knox County Metropolitan Planning Commission
Knoxville, TN

Compliance

We have audited the compliance of Knoxville – Knox County Planning Commission (MPC) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2010. MPC's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of MPC's management. Our responsibility is to express an opinion on MPC's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about MPC's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of MPC's compliance with those requirements.

In our opinion, MPC complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2010.

Internal Control Over Compliance

The management of MPC is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered MPC's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Entity's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a control deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Directors, others within the entity, and other legislative or regulatory bodies governing the federal funds received by MPC and is not intended to be and should not be used by anyone other than these specified parties.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION

Notes to Schedules of Expenditures of Federal and State Awards

Year ended June 30, 2010

(1) Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards summarizes the expenditures of the Knoxville / Knox County Metropolitan Planning Commission (MPC) under federal programs for the year ended June 30, 2010. Because the schedule presents only a selected portion of the operations of MPC, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows of the MPC.

For purposes of the Schedule of Expenditures of Federal Awards, federal awards include all grants, contracts, and similar agreements entered into directly between MPC and agencies and departments of the federal government and all subawards to MPC by nonfederal organizations pursuant to federal grants, contracts, and similar agreements.

For purposes of the Schedule of Expenditures of Federal Awards, expenditures for federal programs are recognized on the accrual basis of accounting.

(2) Indirect Costs

Many of MPC's federally funded programs allow indirect costs to be charged and include them as a line item in the grant budget. However, if the grant budget does not specifically provide for indirect costs to be charged, none of the indirect costs are reported as costs to the grantor nor are the costs included or presented in the Schedule of Expenditures of Federal Awards.

(3) Schedule of Expenditures of State Awards

In compliance with Tennessee state law, the accompanying schedule of expenditures of state awards is included with this report. Such schedule presents all state funded financial awards, as defined by the State Comptroller's Office, and is prepared and presented in a manner consistent with the schedule of expenditures of federal awards.

KNOXVILLE – KNOX COUNTY METROPOLITAN PLANNING COMMISSION
